

Company Objects – Memorandum and Articles

The main objects for which the Company is established are to promote and foster maritime culture and activities and also to contribute to the relief of poverty by providing opportunities for training and personal development of disadvantaged members of the community, through participation in maritime projects.

2. (b) The Company may also do the following things provided that each of the following objects shall be subsidiary to the main object.

- i. To promote, organise and undertake training in the community in maritime skills, including boat-building and seafaring skills.
- ii. To promote the advancement of education of the public in the maritime field.
- iii. To support and assist in projects which facilitate greater access to the sea and inland waterways for the public at large;
- iv. To support and assist in projects which facilitate greater access to sea and inland waterways for those who would not otherwise have access readily available;
- v. To co-operate and form the necessary partnerships with other groups, including statutory bodies, local community groups, voluntary organizations and private bodies and individuals, with a view to promoting and attaining the above objectives;
- vi. To promote the use of the Irish language;
- vii. To apply aid and donations which are unsuitable in Meitheal Mara to other Charitable Institutions or Institutions having main objects similar to the main objects of the Company.
- viii. To amalgamate with any Companies, Trusts, institutions, societies or associations having objects the same as those of this Company.
